

Five Gold Rings – Project Zone Information

Please note: Some parishes and wards fall across more than one zone; these are listed in the zone which has the largest area of the parish or ward, or where equally divided, are listed in two zones. Some facilities in the same parish or ward may therefore be shown in different zones. The zones are purely intended to prompt ideas for projects linking with the 5 continents or other groups and should be used for no other purpose. This is not an exact science, but if you feel your facility is listed in the wrong zone according to the map, or your facility/group is not listed at all, please let us know by emailing goingforgold@basingstoke.gov.uk
