

enterprise **m3**

Driving prosperity in the M3 corridor

Appendix C

The Hampshire Chamber of Commerce represents over 1000 businesses in the North Hampshire area and has been involved from the start in the creation of the Enterprise M3 proposal.

We believe that this is a good bid. It has the support of key business and leading business groups and now with the support of an upper tier authority, this proposed partnership will be able to help this enterprise area deliver its full potential.

The Hampshire Chamber is happy to commit its resources to help this partnership succeed.

James Scott Chestnutt, Chief Executive

I write in support of the plans to develop the M3 Enterprise on behalf of the substantial estate known as the Surrey Research Park which is part of the University of Surrey, and the associated businesses located on the site.

In addition, as Chairman of the Guildford Business Forum of which the University of Surrey is also a member, has also agreed that it supports the plans, ambitions, strategy and activities that have been set out in the M3 Enterprise LEP. I should be pleased if the University of Surrey, the Surrey Research Park and associated businesses and the Guildford Business Forum could be regarded as partners in this proposal.

Dr Malcolm Parry OBE, Director, Surrey Research Park
Chairman, Guildford Business Forum

Appendix C

**Supplementary
Information for
Enterprise M3
LEP Proposal**

Supplementary Information for Enterprise M3 LEP Proposal

This proposal has been developed in partnership with the main business support organisations and a number of the larger businesses in the area including

Business Organisations

The Federation of Small Business
Chambers of Commerce – Hampshire and Surrey
Economic Partnerships - Hampshire and Surrey
North Hampshire Enterprise
Farnborough Aerospace Consortium
Thames Valley Innovation and Growth Team
Basingstoke Consortium
Destination Basingstoke
Yorktown and Watchmoor Business Association

Key Businesses

Scott Wilson	Geoff French	Group Chairman

I am writing on behalf of Surrey Satellite Technology Limited to offer my support for the proposed Enterprise M3 LEP

Dr Matthew Perkins, Group CEO, Surrey Satellite Technology Ltd

On behalf of AXA Wealth I would formally like to offer my support for the LEP

Mike Kellard, CEO AXA Wealth

CareFusion UK Ltd fully supports the M3 corridor local enterprise partnership to attract business investment and innovation to develop the local economy with advanced technologies in an environmentally friendly and sustainable way

Nigel Bark, VP and General Manager, Europe, CareFusion

Third Sector

Enham	
Wessex Children's Hospice Trust	Naomi House

The third sector brings significant contribution to the local economy by employment and volunteering. It's crucial that we focus development of economies around functional business hubs enabling all to be engaged and creating better outcomes for residents.

Rebecca Kennelly, Chief Executive Basingstoke Voluntary Services and Vice- Chair of Basingstoke Area Strategic Partnership

Steve English, Hart Voluntary Action

Greg Alexander, Rushmoor Voluntary Services

Christine Furneaux, Voluntary Services Surrey Heath
