

## **BASINGSTOKE & DEANE LOCAL PLAN EXAMINATION ISSUE 10: ENVIRONMENT**

***20.3 Renewable energy and climate change: Is policy EM8 sufficiently focused to provide meaningful guidance on the Plan's requirements for renewable / low carbon energy generation?***

Paragraphs 6.61 and 6.69 of the Local Plan should be re-written to remove the reference to the Code for Sustainable Homes for residential development.

**James Stevens, MRTPI  
Strategic Planner**
