Dear Katharine

BASINGSTOKE & DEANE LOCAL PLAN EXAMINATION

We are programmed to contribute at four sessions of the Examination, i.e. Employment, Town Centres, Infrastructure and Transport.

We have carefully considered the Inspector's Issues and Questions and, in the context of our duly made objections, have found that other than the issues he raises relating to Employment, where the broader issues provide a very relevant context to our specific concern, our other objections do not lend themselves to this kind of contextual review. We have therefore provided a full Statement on the Q13: Employment issue addressing most of the Inspector's questions. We maintain our intention to appear at, and contribute to, the Examination on that issue, to be held on the morning of Tuesday 3rd November.

Whilst withdrawing from the Examination's sessions on the afternoon of 3rd November and the mornings of 4th and 5th November, we attach what we trust the Inspector will find a helpful short Statement providing further explanation of our client's position on Policy CN7, i.e. within Issue 8, Infrastructure.

I look forward to your confirmation that the Inspector has been advised of our intended position at relevant sessions.

Yours sincerely

Martin Robeson
