County Matters Application		Nil	Website
----------------------------	--	-----	---------

Advertisements in the local press

Advertisements are placed in the local newspapers, the Basingstoke Gazette, the Andover Advertiser and the Newbury Weekly News, as appropriate for the site in question.

Advertisements on the website (www.basingstoke.gov.uk)

The planning register from 1986 is available on the Borough Council's website, in the planning section. Applications can be found using a number of different search criteria.

Site notices

Site notices are printed by the Council. They are sent to the agent/applicant with a letter requesting them to display the notice on the site for the relevant time period, and to return a slip stating the first date of display. If an agent/applicant fails to display the site notice, the Case Officer assesses whether:

1. To post a notice and delay the determination of the application, or
2. The legislative requirements have been satisfied and the application can be considered and determined.

Neighbour notification

Neighbour notification of an application is in the form of a letter giving brief details of the proposal, details of where and when the application may be seen, and the last date for comments (normally 21 days from the date of the letter). Letters are addressed to 'the occupier/owner'.

Neighbours notified are those occupied buildings adjoining the site and those which may be affected by the development. Letters to neighbours are sent at registration of an application, further notifications may be sent after the case officer's site visit. The decision on which properties 'may be affected by the proposed development' is made by the Case Officer. This is based on professional assessment of the proposal and its likely impacts on the area surrounding the site, and the guidance contained within Circular 15/92 Publicity for Planning Applications.

In addition, notification letters will be sent to other members of the public who have commented on a similar proposal on the same site within two years of the former application being determined.

As a result of any pre-applications or other consultations undertaken by a developer the Council will take a view as to any additional notifications required on a case by case basis.

Notification of Parish (or Town) Councils

Parish and Town Councils are formally consulted on all applications within their own area.

Borough Councillor (Ward Member) Notification

All Councillors are formally consulted on all applications within their own area.

Additional notification

Any request for additional notification of an application is considered by the Case Officer, however a notification does not need to have been received in order for a member of the public to make comment, and this would always be stressed when any request is received.

Pre-decision Amended Plans

Pre-decision amendments can be accepted, at the discretion of the Case Officer. Re-notification may occur, but normally only if the amendments are significant alterations or increase the size of the proposal. If the proposal remains very similar, or would reduce in size and impact, then re-notification would not normally occur.

Reports To Development Control Committee Prior To Expiry Of Notification Period

Due to reports to Development Control Committee making recommendations on applications having to be written 2-3 weeks prior to the meeting, in some cases the report will be written prior to the expiry of the consultation period. In these instances, additional representations received after the report is written and prior to the meeting will be reported on the Update Paper which is compiled on the day of the meeting and presented at the meeting.

Date of decision

The decision on an application is not issued until after the last expiry date for responses to notifications.
