

Housing Mix and Lifetime Mobility Standards SPD

The council adopted the Supplementary Planning Document (SPD) on Housing Mix and Lifetime Mobility Standards in June 2007 following periods of consultation at the Issues and Options stage (September to October 2006) and on a draft SPD (February to March 2007).

This SPD supports the Saved Housing Mix Policy C3 of the Basingstoke and Deane Borough Local Plan 1996-2011, which was adopted in July 2006. It outlines the background and justification for the Housing Mix Policy and provides more information about how the Policy is implemented through the Development Control process. Below are copies of the SPD, Sustainability Appraisal, the Statement of Compliance and the Adoption Statement

If you wish to obtain a hard copy of the SPD, please contact the Local Plan Team
