Equalities Impact Assessment on the emerging Local Plan

Note:

This is a summary of the Equalities Impact Assessment (EqIA) of the emerging Local Plan. If you would like to see the full assessment please contact the Planning Policy team by emailing local.plan@basingstoke.gov.uk or telephoning 01256 845410.

The Assessment

This assessment considered the impact of the revised Pre-submission Local Plan policies on the protected characteristics groups (Equality Act 2010) and other potentially vulnerable groups, and the implications for the Public Sector Equality Duty.

The Emerging Local Plan will eventually replace the current Local Plan and will contain:

- a long term vision for the borough and objectives for future development up to 2029 linked to a spatial strategy that builds upon the vision/objectives and describes how key issues that have been identified will be tackled and how the borough will evolve over the course of the plan period
- site allocations to deliver that development
- more general development focussed policies.

The proposed Emerging Local Plan has been developed in consideration of the evidence base below, National Planning Policy and guidance, Census 2011, results from public consultations, site assessments, sustainability appraisal and, discussions with the Equality Impact Assessment panel.

- Retail Study
- Site Assessment
- Sustainability Appraisal
- Habitats Regulation Assessment
- Statement of Consultation

Consultation and Research

The borough council has undertaken extensive consultation and engagement with communities and other stakeholders throughout the preparation of the Emerging Local Plan, both in terms of general policy documents, but also on specific pieces of evidence base. The stages of consultation

undertaken are summarised below, and a more detailed breakdown of who was consulted, when and how their views were handled is included in the Statement of Consultation, which accompanies the revised Pre Submission Local Plan.

Consultation Document / Stage	Date of Consultation	Approaches Used
Early Engagement	Spring / Summer 2007	<ul style="list-style-type: none"> • Workshops with stakeholders • Briefings to parish councils / stakeholders • Lessons with school children • LSP Conference • General awareness raising

Pre-Submission Local Plan Consultation	August-October 2013	<ul style="list-style-type: none"> • Documents widely circulated • Exhibitions • Attendance at LSP meeting • Borough Council paper • General awareness raising

These stages have informed the preparation of the Emerging Local Plan to date.

Additional consultation will be undertaken on the revised Pre-submission Emerging Local Plan during April to June 2014 where the local community and stakeholders can comment on the amendments..

The Emerging Local Plan also takes into account the Equality and Diversity profile of the borough. More information on the local population (including 2011 Census data) can be found [here](#).

Assessment Findings

The assessment revealed that the policies included within the Emerging Local Plan promote equality and eliminate discrimination by covering a number of areas:

- improved access for all;
- promoting good relations between different groups;
- support the development of future housing according to local needs;
- facilitate the provision of jobs;
- support the retention of existing community facilities and the provision of new facilities.

No negative impacts were identified on any of the groups considered.

The following policies were identified as being generally positive for all and as having no differential impact on any of the groups considered:

- Policy SS7 - Nuclear Installations – Aldermaston and Burghfield
- Policy SS9 – Basingstoke Leisure Park
- Policy EM1 – Landscape

Recommendations

1. To progress the Emerging Local Plan to adoption so that it carries the weight of the adopted development plan in the plan-led planning system to enable the positive impacts identified.
2. To make any recommended amendments to the policies.
3. To monitor the implementation of the policies with regards to any differential impact on the protected groups.
4. For the EIA panel to meet again to discuss any implications following the public consultation on the revised Pre-submission Local Plan in April to June 2014.
5. To note that as specific developments/proposals come forward that the applicant/developer takes into account equalities and any implications of the proposal on the protected groups.
