Around a third of households had two or more rooms than they needed (33.2%).

Basingstoke and Deane

## Indices of Deprivation, 2019

The chart shows Indices of Deprivation data for each domain and both IDACI and IDAOPI. It records how deprived each Lower Super Output Area (LSOA) in the ward was compared with all LSOAs in England. The closer each LSOA is to 32,844 (shown as 100), the lower the deprivation. B&D 012B was more disadvantaged than the other LSOAs in the ward (LSOA boundaries are shown on the ward map).

## Forecast Population and Dwelling Change

**500 more people**

Expected to be resident 2020 to 2027

**272 more dwellings**

Expected to be built between 2020 to 2027

**355 more older people**

(Aged 65 and over) expected by 2027

Small Area Population Forecasts show that the overall population is expected to increase (+4.7%), a long with dwellings (+5.2%) and older people (+24.3%).

## Rural and urban, 2011

**204.9 hectares**

**100%**  
urban  
population

**0%**  
rural  
population

Brookvale and Kings Furlong is located in the centre of Basingstoke town and its population is classified as living in an urban town area by the Office for National Statistics.

## Jobs Available by Sector, 2019

Estimated to be 5,400 jobs in the ward.

Main sectors:

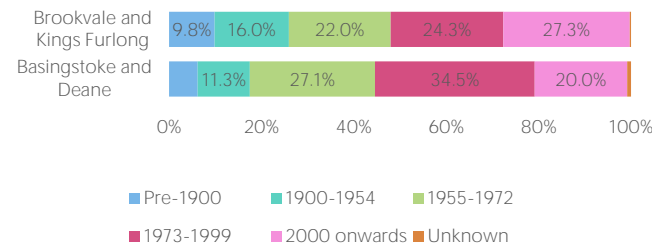

**Professional, Scientific and technical (14.9%)**

**Education (13.2%)**

**Retail (12.4%)**

## House prices and sales, 2004-2019

There were 150 home sales in 2019, the lowest figure since 2012. This was 5.1% of the borough's house sales. One LSOA within the ward (B&D 012E) had a median house price in 2019 of £290,000, compared to the borough median of £305,000, and prices in this LSOA are consistently below the borough average.

## Unemployed Benefit Claimant Count, 2013 to 2021

The number of unemployed benefit claimants peaked in July and August 2020.

**Basingstoke and Deane**

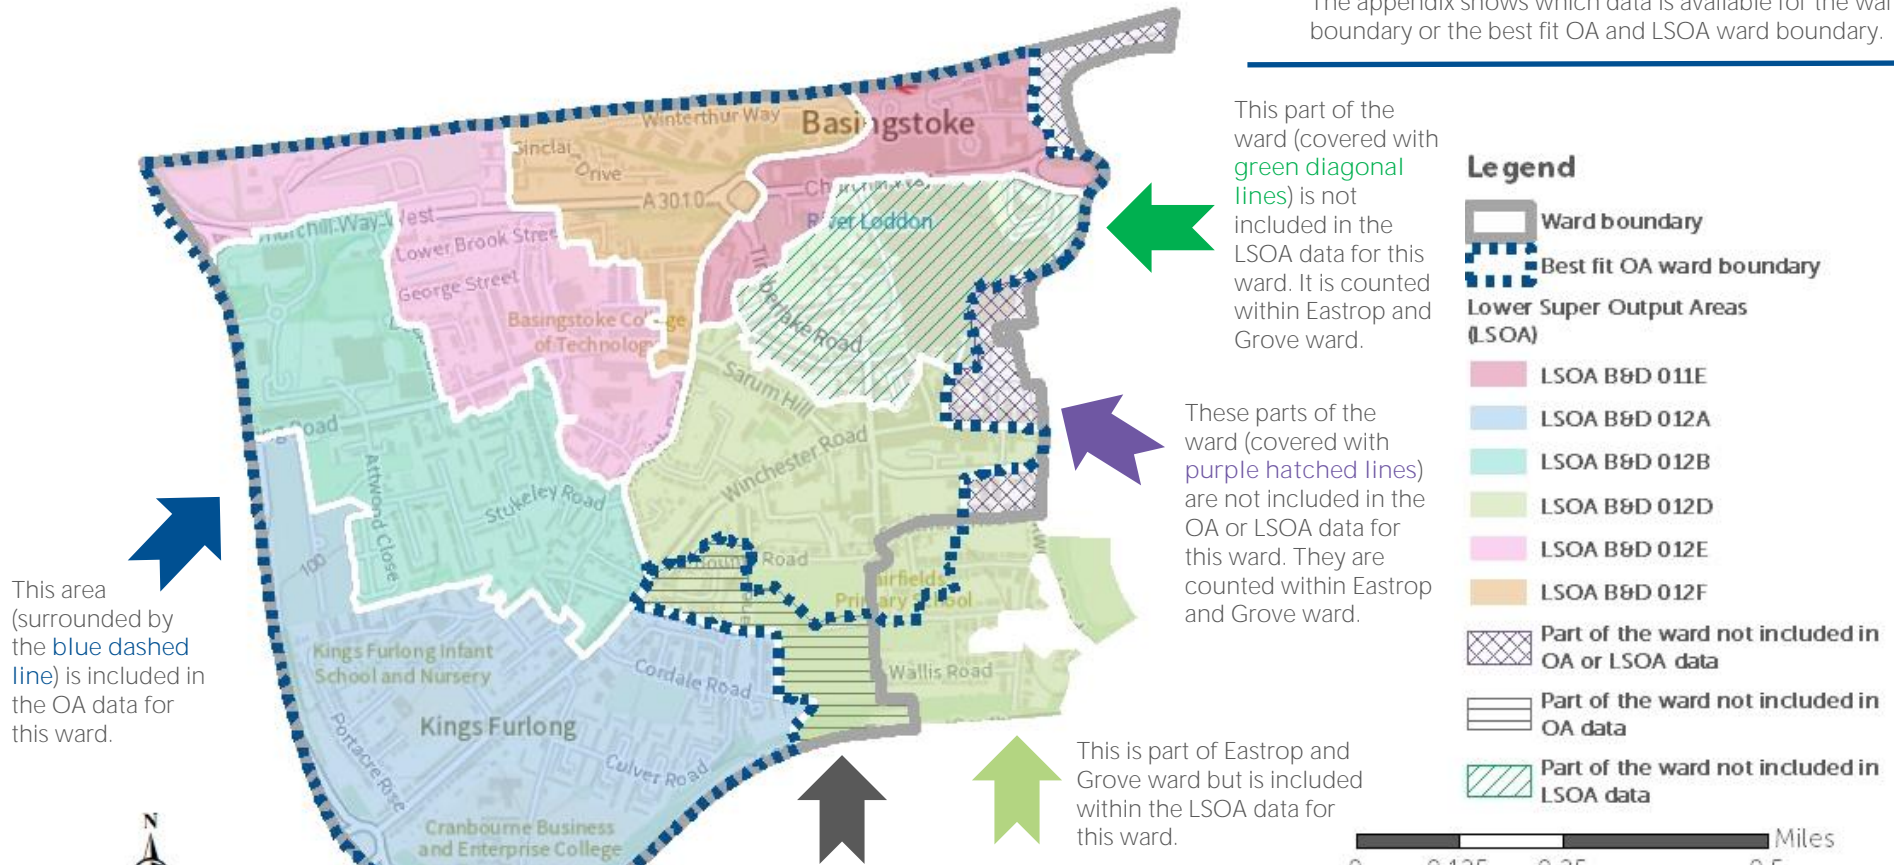

# Ward Map

The ward boundary is shown in grey.

Due to ward boundary changes, some data is only available for the area covered by the output areas (OAs) and lower super output areas (LSOAs) that best fit the ward area. The best fit output area boundaries are shown surrounded by the blue dashed line. Brookvale and Kings Furlong contains six LSOAs and their best fit boundaries are shown with coloured backgrounds on the map.

An OA and LSOA is allocated to a ward if its population weighted centroid falls within the ward. This means that an area around Fairfield's Primary School (that actually falls within Eastrop and Grove ward) is included within the ward's OA and LSOA data. Areas around Bounty Road, London Road and New Road (covered with grey horizontal lines and purple hatched lines) are not included within the ward's OA or LSOA data. Areas around Timberlake Road are not included within the ward's LSOA data (covered with green diagonal lines).

The appendix shows which data is available for the ward boundary or the best fit OA and LSOA ward boundary.
