Occupancy Rating

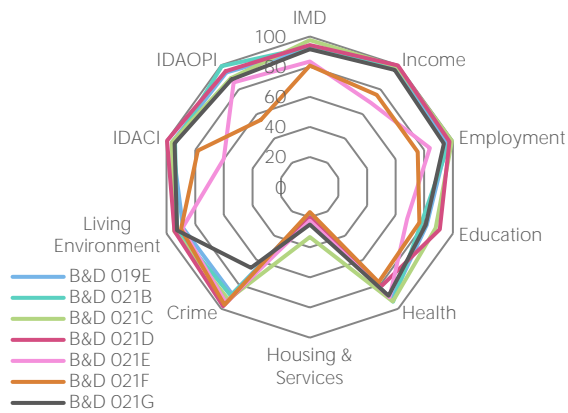

The majority of households had two or more rooms than they needed (66.3%).

Basingstoke and Deane

Indices of Deprivation, 2019

The chart shows Indices of Deprivation data for each domain and both IDACI and IDAOPI. It records how deprived each Lower Super Output Area (LSOA) in the ward was compared with all LSOAs in England. The closer each LSOA is to 32,844 (shown as 100), the lower the deprivation. B&D 021F and 0021E were more disadvantaged than the other LSOAs in the ward (LSOA boundaries are shown on the ward map).

Forecast Population and Dwelling Change

360 fewer people

Expected to be resident 2020 to 2027

48 more dwellings

Expected to be built between 2020 to 2027

595 more older people

(Aged 65 and over) expected by 2027

Small Area Population Forecasts show that the overall population is expected to decrease (-3.6%), whilst dwellings (+1.2%) and older people (+56.9%) increase.

Rural and urban, 2011

240.5 hectares

100%
urban
population

0%
rural
population

Hatch Warren and Beggarwood is located to the south west of Basingstoke town and its population is classified as living in an urban town area by the Office for National Statistics.

Jobs Available by Sector, 2019

Estimated to be 1,775 jobs in the ward.

Main sectors:

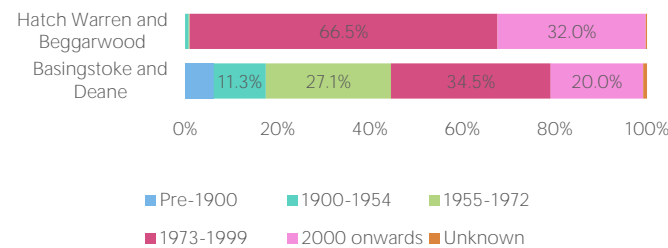

Retail (32.4%)

Education (14.4%)

Business administration and support services (14.1%)

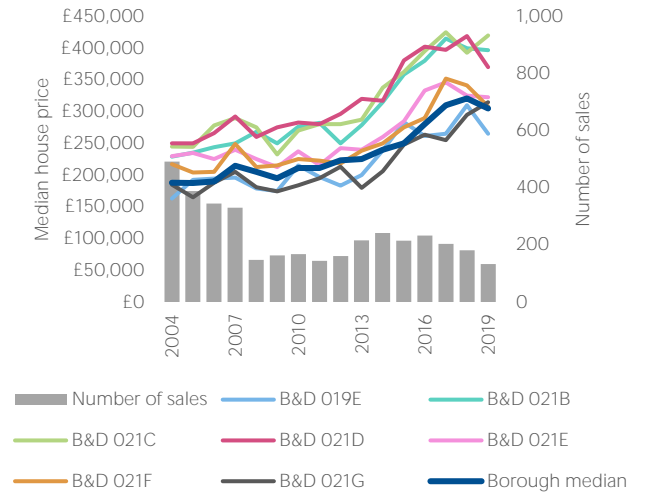

Council tax property build period, 2020

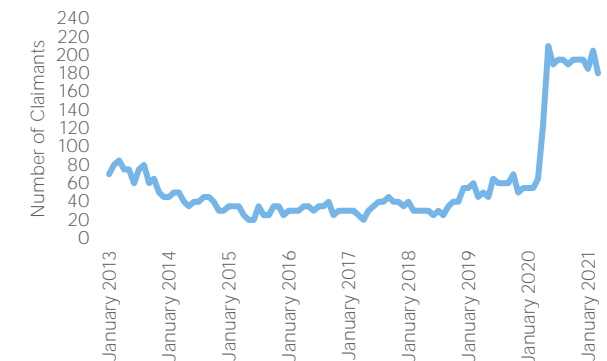

Hatch Warren and Beggarwood had a larger percentage of dwellings built in the later part of the 20th Century compared to Basingstoke and Deane as a whole, with 66.5% built from 1973 to 1999, compared to 34.5% for the borough overall.

House prices and sales, 2004-2019

There were 135 home sales in 2019, the lowest figure since 2009. This was 4.5% of the borough's house sales. One LSOA within the ward (B&D 021C) had a median house price in 2019 of £420,000, compared to the borough median of £305,000, and prices in this LSOA are consistently above the borough average.

Unemployed Benefit Claimant Count, 2013 to 2021

The number of unemployed benefit claimants peaked in May 2020.

Ward Map

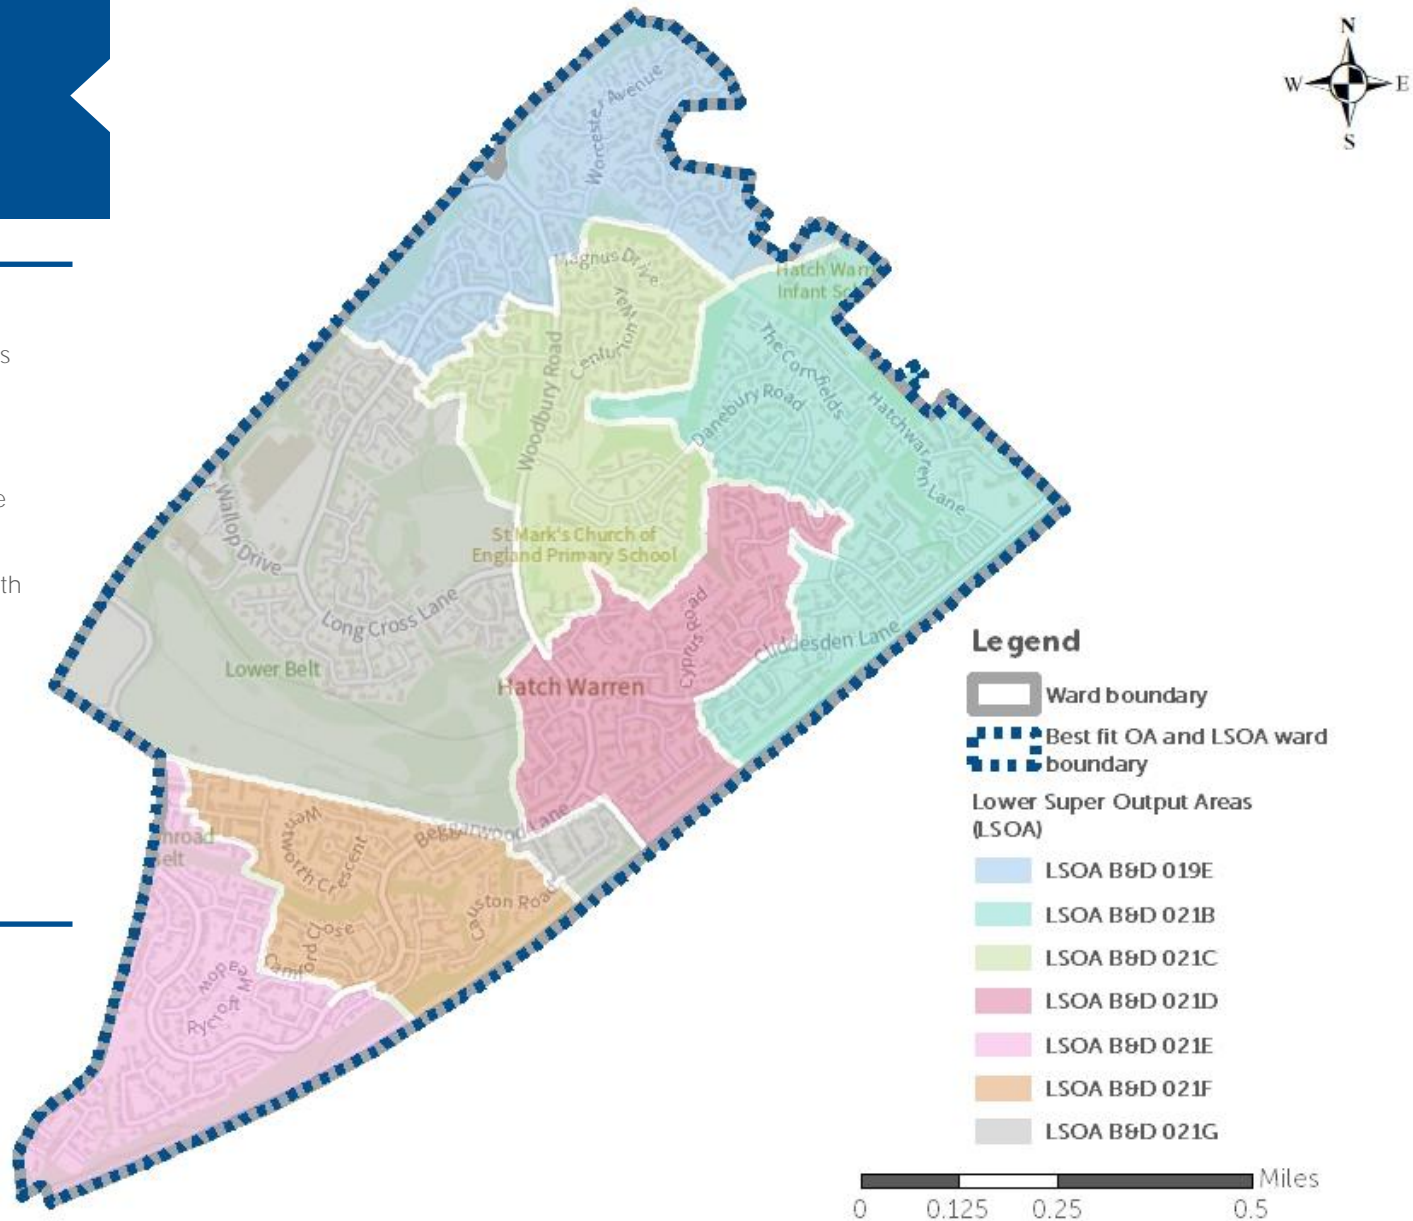

The ward boundary is shown in grey.

Due to ward boundary changes, some data is only available for the area covered by the output areas (OAs) and lower super output areas (LSOAs) that best fit the ward area. An OA and LSOA is allocated to a ward if its population weighted centroid falls within the ward.

The OA and LSOA boundaries are aligned with the boundary for this ward.

The appendix shows which data is available for the ward boundary or the best fit OA and LSOA ward boundary.

Hatch Warren and Beggarwood contains seven LSOAs and these are shown with coloured backgrounds on the map.
