

Question: What is private hire?

Private hire is the provision of a vehicle and driver to undertake a journey carrying passengers from one location to another for a fee. The journey may only be undertaken if booked in advance with a licensed private hire operator. Three licences are required in order to undertake a private hire journey

1. **Private hire operator licence** - This authorises a company or an individual to receive bookings and dispatch licensed vehicles and drivers to undertake bookings.
2. **Private hire driver's licence** - This authorises a driver to drive licensed vehicles to carry the passengers.
3. **Private hire vehicle licence** - This authorises a specific vehicle to be used for carrying the passengers.

This guidance document outlines the procedure that must be followed in order to apply for a new private hire drivers' licence. Separate guidance documents are available on our website for private hire vehicle and operator licence applications.

All three licences must be in place and issued by the same authority in order for a legitimate private hire booking to be accepted.

Question: What are the differences between hackney carriage and private hire vehicles?

Hackney carriage vehicles generally look like a London style cab and have an illuminated "TAXI" sign on the roof. Hackney carriages can be hailed in the street or they can be hired at any taxi rank in the borough. Only a licensed hackney carriage ('taxi', 'black cab') may ply for hire. Private hire drivers are not allowed to ply for hire. Plying for hire is an offence under the Town Police Clauses Act 1847 and carries a maximum penalty of £2,500.

Private hire drivers must not accept bookings from anyone other than their licensed operator. Private hire drivers must not draw attention to themselves as being available for hire or provide his/her own telephone number. A gesture accompanied by a conversation with a member of the public suggesting that a private hire driver is available for hire without a prior booking from a licensed operator will be seen as unlawful. A private hire driver must not allow any passenger to enter their vehicle without first having received a booking via your licensed operator. Private hire drivers are not allowed to set down or pick up passengers from a taxi rank even if booked through a licensed operator.

Question: How long will my application take?

The licensing team estimates that the application process should take approximately 8-12 weeks. This includes the process time for a disclosure and barring service (DBS) check, driver awareness test (DAT), Blue Lamp Trust driving test and a medical examination. If your application is delayed due to convictions or medical conditions disclosed, or if you fail the required tests, the process may take longer than stated above.

You are reminded it is an offence to work as a private hire driver in this authority until you are in possession of a current private hire driver's licence and badge issued by BDBC.

Question: What do I need to consider before I apply to become a private hire driver?

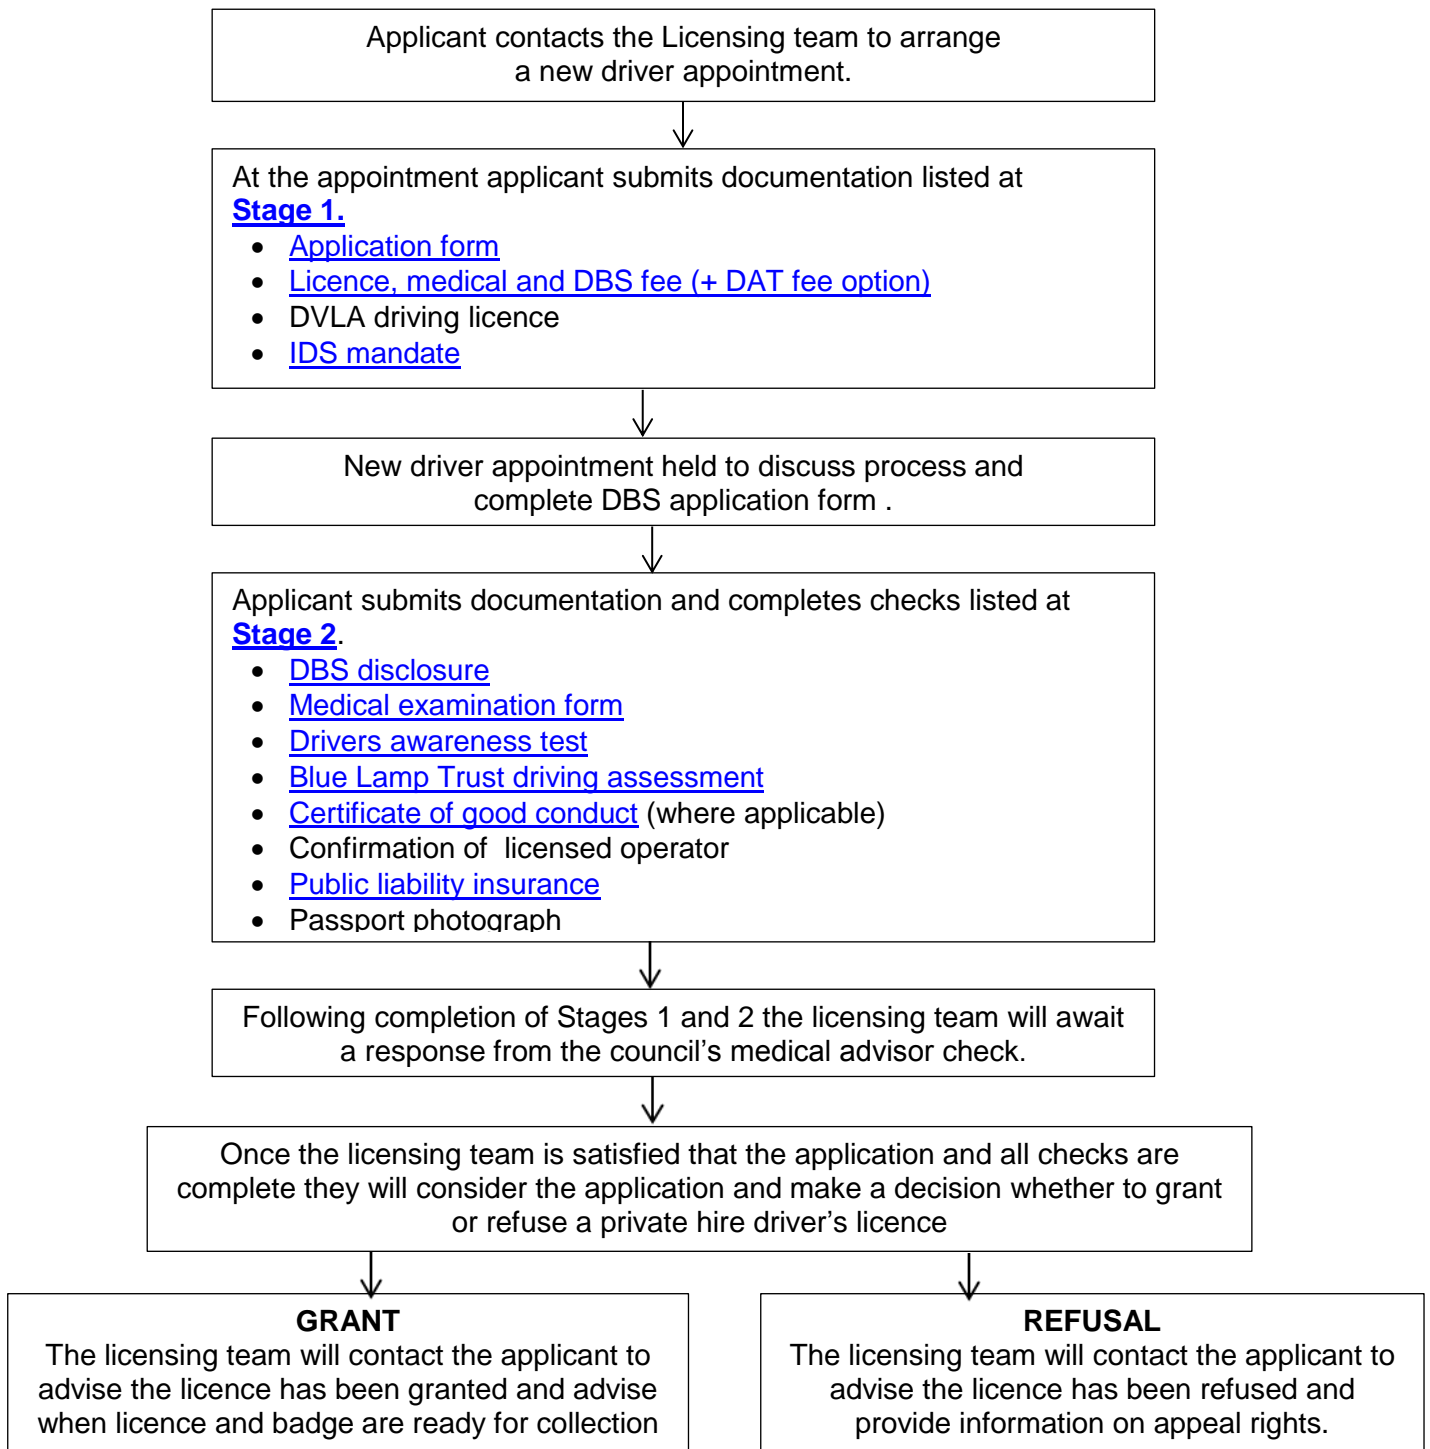

Applicants must meet specific criteria in order to be considered for a licence and the council must be satisfied that an applicant is a 'fit and proper' person to hold a private hire drivers licence and transport members of the public. Before you make an application you should consider whether you are able to fulfil the following criteria:

Guidance & forms	
Applicants must be over the age of 21.	
Applicants must be able to demonstrate the right to live and work in the UK.	
Applicants must complete and give to the council an application on the form provided and pay the current licence fee .	Section A
Applicants must have held a full drivers licence for at least one year prior to the date of application and will be required to complete a data protection mandate authorising the council to confirm details of their driving history with intelligent data systems (IDS). (Holders of non UK driving licences will be required to have registered their non UK licence with the DVLA)	Section B
Applicants are required to disclose any criminal history by providing a disclosure and barring service (DBS) enhanced criminal record certificate. Non UK applicants including those who have lived outside the UK must also provide a signed and sealed ' certificate of good conduct ' from the embassy of all the relevant countries in which they were born or have lived since the age of 10.	Section C
Applicants will be required to undertake and pass a drivers awareness test (DAT) which will assess their knowledge of the highway code, BDBC conditions of licence, geographical knowledge of the borough and basic English and numeracy skills.	Section D
Applicants will be required to undertake and pass a practical Blue Lamp Trust assessment test.	Section E
Applicants must produce evidence that they are insured for third party public liability cover to a minimum of £2,000,000.	Section F
Applicants are required to undertake a medical examination and must meet the DVLA Group 2 medical fitness standards.	Section G

If applicants have reason to believe there may be doubt on criminal, motoring or medical grounds as to whether the council will grant the request for a private hire driver's licence, the applicant is advised to contact the licensing team before submitting an application for further advice.

The licensing team will take into account ALL convictions when considering an application for a driver's licence, irrespective of offence; sentence imposed or age when the offence is committed. ALL motoring and criminal offences must be declared on the application form whether spent or unspent. Further information on our policy relating to convictions can be provided to applicants on request.

NEW PRIVATE HIRE DRIVER'S LICENCE APPLICATION PROCESS

STAGE 1: WHAT DO I NEED WHEN I SUBMIT MY APPLICATION?

The first stage of the application process requires the applicant to organise an appointment with the licensing team. Applicants should call (01256) 844844 or e-mail licensing@basingstoke.gov.uk to make a new driver appointment. New driver appointments are available on Tuesdays or Thursdays only during office hours and may take up to 1 hour to complete. **Do not submit your application before your appointment is made.**

Additional application documentation can also be submitted in person at the Parklands Reception at the Civic Offices where a member of the customer services team will check your documentation. If you bring your application to the Parklands Reception you will need to take a ticket and the officers will photocopy any original documents and return those to you.

Please do not leave original documents with our reception unless specifically requested by the licensing team.

The following documents must be submitted at the initial appointment with the licensing team (as a minimum requirement):

- | | |
|---|--------------------------|
| 1. An application form fully completed and signed by you. (Section A) | <input type="checkbox"/> |
| 2. The current licence fee and DBS criminal check fee (Section A) | <input type="checkbox"/> |
| 3. A valid DVLA driving licence (counterpart and photo card) | <input type="checkbox"/> |
| 4. A completed and signed IDS mandate (Section B) | <input type="checkbox"/> |
| 5. Acceptable forms of identification for completion of DBS criminal check | <input type="checkbox"/> |
| 6. Acceptable forms of identification for a right to work check.
(Refer to Section C for details of acceptable identification) | <input type="checkbox"/> |

Further documentation listed at Stage 2, can also be submitted at the initial appointment.

Following your new driver appointment the licensing team will send off your DBS application form, IDS Mandate and references. The DBS may take between 2-8 weeks to issue your certificate.

STAGE 2: WHAT DO I NEED TO DO TO COMPLETE MY APPLICATION?

The following checks must be completed and relevant documents submitted before your private hire drivers licence application can be determined:

7. DBS Disclosure certificate Applicants must produce an enhanced DBS disclosure certificate to the licensing team. (Following receipt from the DBS See Section C.)	<input type="checkbox"/>
8. Medical examination form Applicants must produce a council issued medical examination form completed and signed by your GP or a Doctor at the surgery where you are registered. (Any fee to the doctor is payable by the applicant (See Section G))	<input type="checkbox"/>
9. Driver awareness test (DAT) Applicants must undertake and pass the drivers awareness test. Payment for tests is payable to the Licensing team. (See Section A for payment details and Section D for further information on the test)	<input type="checkbox"/>
10. Blue Lamp Trust driving assessment Applicants must undertake and pass the Blue Lamp Trust driving assessment and produce the original pass certificate to the Licensing team. (Payment for the test is payable to the Blue Lamp Trust (See Section E))	<input type="checkbox"/>
11. Certificate of good conduct (where applicable) Applicants must produce a translated and sealed certificate of good conduct to the licensing team (where applicable)	<input type="checkbox"/>
12. Confirmation of licensed operator Applicants must confirm the details of the licensed private hire operator they will be working for once their licence is issued.	<input type="checkbox"/>
13. Public liability insurance Applicants must provide evidence of a minimum of £2 million public liability insurance: (a) Original certificate (if you are the named policy holder), or (b) Copy of certificate and declaration completed by policy holder (Section F)	<input type="checkbox"/>
14. Passport photograph Applicants must provide 1 colour passport size photograph.	<input type="checkbox"/>

The licensing team may also request other information considered to be reasonably necessary in order to determine the application.

IMPORTANT REMINDER

An enhanced DBS disclosure report will be valid for 6 months only. If your application is not determined before the DBS disclosure expires, a new disclosure will be required.

A medical examination report will be valid for 12 months only. If your application is not determined before the medical expires a new medical will be required.

Question: What happens next?

Following completion of Stages 1 & 2 and once responses have been received and the licensing team is satisfied that the application is complete, a decision will be made whether to grant or refuse your private hire drivers licence. Applicants may be requested to attend a further interview at the council offices and/or provide other information which may be considered necessary in order to determine the application.

Where a decision is made to grant the private hire drivers licence the applicant will be notified when their licence and badge is ready for collection from the council offices. All private hire driver licences are issued subject to compliance with the standard licence conditions which will be provided on issue of your licence. Further copies of all private hire and hackney carriage licence conditions and byelaws are available to download at www.basingstoke.gov.uk

In accordance with the Immigration Act 2016, if the applicant has a time limited right to work in this country, a licence will only be granted for that stated period of time unless further evidence is provided of an extension to the time limit.

Where a decision is made to refuse the private hire drivers licence the applicant will be notified in writing and provided the opportunity to appeal the decision to the Licensing Sub-Committee or the Magistrates Court within 21 days.

Question: What standard of DBS and Medical requirements are required for licensed private hire drivers

An enhanced disclosure and barring service (DBS) disclosure is required to determine a driver's suitability to be licensed and this is required every three years.

This authority is encouraging all licensed drivers to register with the DBS online service which requires a yearly subscription of £13 by the applicant, and would eliminate the future requirement for a DBS appointment as this authority would seek authorisation to access criminal records online. Ask the officer to discuss the process of registering at your appointment.

In accordance with the licence conditions, all applicants must meet the DVLA Group 2 medical standards. Once a licence is granted the medical is required every five years up to the age of 65, annually thereafter. Under some circumstances our medical advisor may advise more frequent checks are necessary. The GP that carries out the medical must have access to the driver's medical records. The medical form should be returned to the licensing team as soon as possible after completion by the GP.

Question: How do I renew my drivers licence?

Licensed drivers will be sent a renewal reminder by the licensing team between 4-8 weeks before the expiry date. Renewal applications must be submitted at least 10 working days before the current licence expires. Failure to do so could mean your licence is not renewed before your current licence expires and therefore you will be unable to work.

Driving Licence Information Fair Processing Declaration Form

Guidance notes – please read these notes before completing this form

1. Under Health and Safety and Duty of Care requirements, your employer is obliged to check that all employees who carry out business mileage for the company, no matter the distance or frequency are correctly licenced to drive. Your employer has outsourced this process to DriveTech and its sister company Intelligent Data Systems UK Limited (IDS) to minimise any inconvenience and ensure consistency. By outsourcing this process to a specialist provider in the field of data management, the risk or exposure to possible data fraud is minimised due to our highly secure and encrypted systems and process. For further information about how we process your data, your rights and who to contact, see our privacy notice at www.drivetech.co.uk/home/privacy-policy or visit the Data Protection area in DriveTech's FAQ section on FleetRiskManager www.fleetriskmanager.com/Home/FAQDataProtection.

2. You should only fill in this form if you have read and understood how your driving licence information will be processed by DriveTech on behalf of your employer. DriveTech will fill in the "Company Details" and the "Reason for processing information" sections of the form on behalf of your employer. You must then fill in the "Driver Details" section and sign and date the "Driver information fair processing declaration" section. DriveTech and DVLA will not accept forms if they haven't been signed and dated by you. If you make an error on this form please complete a new form for processing.

3. In some instances, your employer may also be working with a Third Party (e.g. Leasing Partner), if this is the case DriveTech will list all relevant companies in the "Organisation Details" section.

4. Immediately after your employer notifies DriveTech that you are no longer an employee, or that you no longer drive on business, your record will be archived. In accordance with DVLA requirements, your Fair Processing Declaration form will be archived for seven years from the date of signature and subsequently destroyed. If your connection with the company or companies listed in the Organisation Details Section stops, you have the right for your information not to be processed by them. Please refer to the privacy notice for the named company or companies in that Section.

5. You can also view or share your driving licence information online at www.gov.uk/view-driving-licence.

6. If the details on your driving licence are not up to date, return it to DVLA and inform them about the changes they need to make. By law, you must tell DVLA immediately if you change your permanent address or name. You could be fined up to £1,000 if you do not tell DVLA about these changes.

7. If your licence has been lost, stolen or destroyed you will need to apply for a replacement. You can find out how to do this online at www.gov.uk/apply-online-to-replace-a-driving-licence. Or, as long as you have not changed the details on your photocard licence, you can apply for a replacement licence using a debit card or credit card by phoning 0300 790 6801 between 8am and 2pm on Saturdays.

On completing your appointment the licensing team will send the completed application form to the Disclosure and Barring Service.

The certificate will then be issued to you at the address listed on your DBS application form, no copy will be sent to the licensing team. **You MUST therefore produce your DBS Enhanced Disclosure Certificate to the licensing team as soon as possible.**

*The DBS have introduced a new Update Service. Details will be provided at your appointment. If you already subscribe to the DBS Update Service and want Basingstoke and Deane licensing team to carry out a status check, you must provide an enhanced DBS certificate and a completed **consent form**. Your certificate must be for a child and adult workforce. No fee is required for a status check. Further information on the Update Service can be found at www.gov.uk/dbs*

FURTHER INFORMATION

Obtaining a certificate of good conduct

Any person submitting a new application for a private hire driver's licence who was born or has lived outside the UK for any period of time, should submit, at their own expense, a translated and sealed certificate of good conduct. This is to be obtained from the embassy or relevant authority of **each** country where they have lived since the age of ten years old. This will provide an equivalent record of criminal history as provided by the enhanced disclosure and barring service check required for UK applicants. Information regarding embassies can be found at the following website:

<https://www.gov.uk/government/world/organisations>

It is recommended that the applicant contacts the embassy in the first instance to see if they are able to provide the required information. If they are unable to provide a certificate of good conduct applicants should consult with the Licensing team who can advise on further avenues that you may take to provide the document required; for example a letter from the local police authority in the country in which you previously resided.

DBS Criminal record Check Certificates: Removal of old and minor offences

Due to changes in legislation, with effect from 29 May 2013, the Disclosure and Barring Service (DBS) will remove certain specified old and minor offences from criminal record certificates issued from that date. Further information can be obtained from the Licensing team on request.

Retention Policy

As an organisation using the Disclosure and Barring Service (DBS) to help assess the suitability of applicants for positions of trust, Basingstoke and Deane Borough Council complies fully with the DBS Code of Practice regarding the correct handling, use, storage, retention and disposal of Disclosures and Disclosure information. Further information can be obtained from the Licensing team on request.

Policy Statement Ex-Offender

As an organisation using the Disclosure and Barring Service (DBS) to assess applicants' suitability for positions of trust, Basingstoke and Deane Borough Council complies fully with the DBS Code of Practice and undertakes to treat all applicants fairly. Further information can be obtained from the Licensing team on request.

Basingstoke and Deane Borough Council Private Hire Drivers Guidelines relating to convictions

Hackney carriage and private hire drivers are listed as regulated occupations within the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975. No conviction is categorised as spent under this Order. **All** categories that criminal offences fall into are deemed to be relevant to the role of a private hire and hackney carriage driver. Therefore we take into account **all** convictions when considering an application for a driver's licence, irrespective of offence, sentence imposed or age when the offence is committed. Further details of our policy relating to convictions can be obtained from the licensing team on request.

Private Hire Driver Awareness Test

Please read carefully before booking your test date

The private hire driver awareness test is designed as a general test for private hire driver licence applicants to ensure a working knowledge of the borough of Basingstoke and Deane and the private hire trade.

There are five sections to the awareness test, 10 questions in each section, all multi choice and headed as follows:

Section A: Private hire regulations and the Law - Example:

How many passengers are you permitted to carry in a private hire vehicle?

a) Four	b) Five
c) Eight	d) The number of passengers printed on the licence/plate

Applicants are advised to study the Highway Code to prepare for Section 1 of the test. The full Highway Code is available online on the GOV.UK website or testing aids can be found at your local library or bookshop.

Section B: An understanding of general driving - Example:

If a police officer orders your car to stop and he finds that you have a faulty tyre, who is responsible?

a) You, the driver	b) Whoever services the car
c) The previous owner	d) Whoever issued the current MOT

Applicants are advised to study the conditions of licence for private hire operators, vehicles and drivers. Applicants may also wish to refer to recent editions of our taxi and private hire newsletter. Copies of the relevant conditions and newsletters can be found on our website www.basingstoke.gov.uk or provided to applicants on request. This section also includes questions relating to dealing with disabled customers.

Section C: Basic English and Numeracy - Example:

The cost of a journey is £8.50. The passenger gives you a £10.00 note and tells you to keep the change.
How much will your tip be?

a) £1.50	b) £2.00
c) £2.50	d) £3.00

Applicants are advised to contact Basingstoke College of Technology, Worting Road, Basingstoke RG21 8TN if they need help to improve their English and/or numeracy skills.

Section D : Geographical knowledge - Example:

Where is Everest Community Academy

a) Queen Mary Avenue	b) Worting Road
c) Crossborough Hill	d) Oxford Way

Applicants are advised to ensure that they have studied a local area map book and are confident in finding their way around the borough. It will be beneficial for applicants to familiarise themselves with the estates and villages within the Basingstoke and Deane area as well as taking note of any of the larger public houses, colleges and academy's, local landmarks, hotels and places of interest including leisure parks.

Section E: Random test (10 multiple choice questions)

Section E of the test is a general test and includes a combination of questions relating to sections A to D.

The fee is payable in advance for any test taken (including resits).

How will the test be carried out?

- This is an electronic test which is taken whilst sat at a computer. The candidate selects the correct answer selected from four multi-choice options.
- The overall time allowed for the test is 60 minutes.
- Tests will take place at the Civic Offices, Basingstoke and be overseen by a customer services officer
- Anyone who has a problem with reading and/or using a computer should advise the licensing team before booking their test date.
- There is a 80% pass mark which must be achieved in each section. Results will be sent by post or email within two weeks of the test taking place.

What if I fail to achieve the pass mark first time?

- Any applicant not achieving a pass will be required to resit a whole test.
- If a second **resit** is not passed the applicant will be required to wait 6 months before they may apply to resit a whole test. This policy applies for every 3 tests taken that are not passed, ie a 6 month waiting period before another test can be taken.
(NB: **Disclosure and Barring Service (DBS) disclosures are only kept for 6 months. After this time a new DBS disclosure will be required**)

How do I book a test?

- Contact the licensing team on (01256) 844844 or e-mail licensing@basingstoke.gov.uk to confirm the next available test date. Remember tests take place on Wednesdays only.
- Payment for the test is payable in advance to confirm your place on the test. Applicants will be informed of their test date by email/post.

NB: If you drive to the council offices you are advised to seek alternative parking as the the council car park has limited spaces.

How to book a Blue Lamp Trust private hire assessment test

To book a test over the phone you will need a:

- valid UK (or Northern Ireland) photocard licence or

What does the assessment involve?

The assessment consists of a driving licence and eyesight check followed by a 45 minute driving test across a variety of road types. Each candidate will be asked to perform 2 reversing manoeuvres and possibly an emergency stop. A maximum of 9 driving faults are allowed and a high level of driving competence is required to pass.

Successful candidates will be issued with a copy of their marking sheet and the relevant licencing authority issued with an e-certificate.

You must use glasses or contact lenses during the whole test if you need them to read the number plate. You can't take the driving part of the assessment if you fail the eyesight test.

Vehicle requirements

Your vehicle must meet the same requirements as the car practical driving test, and be a vehicle which would be suitable for use as a private hire vehicle in line with the Basingstoke and Deane Borough Council vehicle specification.

Documents you must bring

You must bring both parts of your driving licence - the photocard and the paper counterpart. You must take your signed driving licence and a valid passport if you have an old-style paper licence.

Failing the assessment

If you fail the assessment you'll get a debrief from the examiner and a copy of your assessment. You must wait at least 3 clear working days before you retake the assessment. Sundays and public holidays don't count as working days.

Passing the assessment

When you pass your taxi assessment, you'll get a pass certificate (form TPH10), a copy of your assessment and a debrief from the examiner.

Applicants must then produce the original pass certificate to the licensing team to demonstrate they have successfully passed the test.

Documents you must bring

You must bring your driving licence. You must take your signed driving licence and a valid passport if you have an old-style paper licence.

Failing the assessment

If you fail the assessment you'll get a debrief from the examiner and a copy of your assessment. You must wait at least 3 clear working days before you retake the assessment. Sundays and public holidays don't count as working days

Passing the assessment

When you pass your taxi assessment, you'll get a pass certificate, a copy of your assessment and a debrief from the examiner.

Applicants must then produce the original pass certificate to the licensing team to demonstrate they have successfully passed the test.

BLUE LAMP TRUST GUIDANCE ON ASSESSMENT REQUIREMENTS

Driving Assessment

Many (but not all) local authorities will require you take a taxi/PH driving assessment, which will be carried out by a DVSA approved assessor. The test will require you to show a level of driving skill and ability associated with that of an experienced driver. You will also need to demonstrate a sound knowledge of the Highway Code.

The standard needed to pass the test will be higher than that of a learner driver taking the standard driving test and will take into account issues specifically related to taxi driving. The main focus of the test will be on road safety and the safe conveyance of passengers. Your passengers must feel safe at all times.

The driving test will last for around forty five minutes. You will have to drive on a wide range of roads and in a variety of road traffic conditions and this may include motorways and dual carriageways.

Manoeuvres

The test will require you to carry out 2 reversing manoeuvres from the following chosen by the assessor;

- A turn in the road.
- A left or right reverse from major to minor road.
- Reversing into a car parking space (Bay Parking).
- Reversing into a space at the side of the road (Parallel Parking).

Manoeuvres must be made safely, under control and in accordance with the Highway Code.

Stopping the vehicle

As this is common practice when driving a taxi the examiner will require you to perform two or three stops. You should:

- Pull up at a reasonable distance from the kerb where it is safe, legal and convenient.
- Apply the handbrake.
- Select neutral gear.
- Ensure there are no obstructions, such as a street light, that would stop a passenger opening the door.

The Independent drive

Independent driving forms part of the practical driving test. It requires the test candidate to drive without being given directions by the assessor by either following a series of street directions, following traffic signs, or a combination of both, for about ten minutes.

It doesn't matter if the candidate doesn't remember every direction, or if they go the wrong way - that can happen to the most experienced drivers. Independent driving is not a test of the candidates orientation and navigation skills, it is about being capable of making their own decisions whilst driving and how to safely navigate that route without prompts - this includes deciding when it's safe and appropriate to ask for confirmation about where they are going.

When taking the independent driving test:

- If you need to ask the examiner for a reminder of the directions then do so. Once asked the examiner will confirm the route.
- If you go off-route your overall driving test result will not be affected, unless you commit a driving fault. The examiner will also help you get back on the route so you can continue with independent driving.
- If there are poor or obscured traffic signs, the examiner will give directions until the next visible traffic sign.
- A detailed knowledge of the test route is not necessary.
- You cannot use a Sat-Nav.

Driving Assessment Marking

- Remember – this is an assessment and involves no element of training or guidance. The assessor is only there to observe your drive and mark accordingly.
- The assessor is independent, accredited by the DVSA and will simply mark your driving against structured assessment criteria.
- The assessor will mark you as they would a learner driver taking the normal practical driving test. For more information check the DVSA website on driving tests.
- If you commit more than 9 driving faults you will fail, whereas a learner can score fifteen.
- You will also fail if you score one or more serious or dangerous driving faults.
- Driving Fault - This is a fault that is not potentially dangerous but if you make the same fault throughout your assessment it could become a serious fault.
- Serious Fault - a potentially dangerous incident has occurred or where a regular driving fault shows a serious or potentially dangerous weakness in the candidate's driving.
- Dangerous Fault - Involves actual danger to either you, the examiner, the public or property.
- The Assessor can only mark what is seen. No matter how many years you have been driving or your previous driving experiences, the assessor will simply mark what you do on your assessment, so if you make mistakes these will be marked.

The Assessment Results

- Remember the standard of driving expected will be higher than that of a learner driver.
- If you commit offences such as driving in a bus lane contrary to a restriction, contravening a traffic light, overtaking contrary to the road marks and other similar actions you will automatically fail.
- If during your assessment you commit more than 9 driving faults, you will also fail.
- If you demonstrate a safe smooth drive without any serious or dangerous faults and 9 or less driving faults you will pass your test.
- In accordance with DVSA practice the assessor's decision is final.
- The assessor will give you your result at the end of the assessment. You will also be given a copy of your assessment sheet at this time.

Information and Useful Notes for Applicants and Doctors

Basingstoke and Deane Borough Council and Hart District Council require all new applicants for Hackney Carriage or Private Hire drivers' licences to undergo a medical in line with the DVLA Group 2 standard for the purpose of assessing their fitness to hold a private hire or hackney carriage drivers' licence. Existing drivers are required to undergo a medical every five years, or annually on renewal once they reach the age of 65. Additional more frequent medical assessment or tests may be required as advised by the council's medical adviser.

Group 2 Medical Standards

Medical standards for Group 2 are very much higher than those applied to Group 1, reflecting the high risk caused by the length of time the driver may spend at the wheel in the course of their occupation. (Group 1 includes motor cars and motor cycles.) The following conditions are a bar to meeting Group 2 standards:

1. Epilepsy or liability to epileptic attacks

A diagnosis of epilepsy or spontaneous epileptic attack(s) requires 10 years free of further epileptic attack without taking anti-epilepsy medication during that 10-year period.

2. Diabetes

Insulin Treated Diabetic drivers are now permitted to drive under current Group 2 standards. They are required to demonstrate good control of their condition and must satisfy the following criteria:

- no episode of hypoglycaemia requiring the assistance of another person has occurred in the preceding 12 months
- has full awareness of hypoglycaemia
- regularly monitors blood glucose at least twice daily and at times relevant to driving, (no more than 2 hours before the start of the first journey and every 2 hours while driving). More frequent testing may be required if for any reason there is a greater risk of hypoglycaemia, for example after physical activity or altered meal routine, using a glucose meter with a memory function to measure and record blood glucose levels. At the annual examination by an independent Consultant Diabetologist, the last 3 months of blood glucose readings must be available
- advised to use a modern blood glucose meter which has a memory chip
- must demonstrate an understanding of the risks of hypoglycaemia
- there are no other debarring complications of diabetes such as visual field defect
- if medical standards are met, a 1year licence will be issued

To obtain further information on Diabetes and the DVLA Group 2 medical standards of fitness to drive, please refer to the Diabetes section of the DVLA's publication 'At a Glance Guide to the Current Medical Standards of Fitness to Drive' and the Appendix to this chapter (INF188) at www.dvla.gov.uk/medical/ata glance

Non-Insulin Dependent Diabetics managed by tablets which carry a risk of inducing hypoglycaemia (this includes Sulphonylureas and Glinides) are also permitted to drive under current Group 2 standards. They are required to demonstrate good control of their condition and must satisfy the following criteria:

- no episode of hypoglycaemia requiring the assistance of another person has occurred in the preceding 12 months
- has full awareness of hypoglycaemia
- regularly monitors blood glucose at least twice daily and at times relevant to driving using a modern blood glucose meter which has a memory chip
- must demonstrate an understanding of the risks of hypoglycaemia
- there are no other debarring complications of diabetes, such as a visual field defect

If medical standards are met a 1, 2 or 3 year licence will be issued.

Please refer to the Diabetes section of the DVLA's publication 'At a Glance Guide to the Current Medical Standards of Fitness to Drive' at www.dvla.gov.uk/medical/ata glance and the appendix to that chapter (INF188/2).

3. Eyesight

The law requires that a licence holder or applicant must be able to meet the prescribed eyesight requirements, i.e. to read in good daylight (with the aid of glasses or contact lenses if worn) a registration mark fixed to a motor vehicle and containing letters and figures 79 millimetres high and 50 millimetres wide (i.e. post 1-9-2001 font) at a

distance of 20 metres, or at a distance of 20.5 metres where the characters are 79 millimetres high and 57 millimetres wide (i.e. pre 1-9-2001 font).

In addition for group 2 entitlement drivers must have a visual acuity, using corrective lenses if necessary, of at least Snellen 6/7.5 (Snellen decimal 0.8) in the better eye and at least Snellen 6/60 (Snellen decimal 0.1) in the other eye. Where glasses are worn to meet the minimum standards, they should have a corrective power $\leq +8$ dioptres in any meridian of either lens. It is also necessary for all drivers of Group 2 vehicles to be able to meet the prescribed Group 1 visual acuity requirements.

Normal binocular field of vision is required i.e. Any area of defect in a single eye is totally compensated for by the field of the other eye. Complete loss of vision in one eye or corrected acuity of less than 3/60 in one eye would mean the applicant is barred from holding a Group 2 licence.

Grandfather rights apply in some instances regarding the above. To obtain further information on DVLA Group 2 medical standards of fitness to drive, please refer to the DVLA's publication 'At a Glance Guide to the Current Medical Standards of Fitness to Drive' at www.dvla.gov.uk/medical/ata glance or 0870 600 0301.

An applicant (or existing licence holder) failing to meet epilepsy, diabetes or eyesight regulations must be refused by law.

4. Other Medical Conditions

In addition to those medical conditions covered by law, applicants (or licence holders) are likely to be refused if they are unable to meet the recommended medical guidelines in the following situations:

- Within 6 weeks of: myocardial infarction, an episode of unstable angina, CABG or coronary angioplasty.
- Angina, heart failure or cardiac arrhythmia which remain uncontrolled.
- Implanted cardiac defibrillator.
- Hypertension where the blood pressure is persistently 180 systolic or more and/or 100 diastolic or more.
- A stroke or TIA within the last 12 months.
- Unexplained loss of consciousness with liability to recurrence.
- Meniere's, or any other sudden and disabling vertigo within the past 1 year, with a liability to recurrence.
- Insuperable difficulty in communicating by telephone in an emergency.
- Major brain surgery and/or recent severe head injury with serious continuing after effects.
- Parkinson's disease, multiple sclerosis or other chronic neurological disorders with symptoms likely to affect safe driving.
- Psychotic illness, within the past 3 years.
- Serious psychiatric illness.
- If major psychotropic or neuroleptic medication is being taken.
- Alcohol and/or drug misuse within the past 1 year or alcohol and/or drug dependency in the past 3 years.
- Dementia.
- Any malignant condition, within the last 2 years, with a significant liability to metastasise (spread) to the brain.
- Any other serious medical condition likely to affect the safe driving of a medium/large goods or passenger carrying vehicle.

5. Tiredness: Sleep Disorders

Up to one fifth of accidents on motorways and other monotonous roads may be caused by drivers falling asleep at the wheel.

Many accidents are attributed to "driver inattention" but once vehicle faults, traffic offences, poor road or weather conditions, alcohol and specific medical causes are excluded, closer inspection suggests driver sleepiness may be the cause. Evidence for this includes the apparent failure to respond to traffic and road conditions generally and, in particular, the absence of signs of emergency braking.

Driver sleepiness may be caused by modern life styles preventing adequate rest. It may be made worse by shift working combined with the monotonous nature of certain types of driving. Alertness fluctuates naturally throughout the day. Driving between 2am and 7am increases the risk of a sleep related accident. Most people also tend to be less alert during the mid-afternoon or after a heavy meal. All drivers need to address these problems responsibly.

However, some medical conditions may cause excessive sleepiness. These will greatly increase any normal tendency to sleepiness.

The most common medical cause is **OBSTRUCTIVE SLEEP APNOEA SYNDROME (OSA)**. This condition occurs most commonly, but not exclusively, in overweight individuals, particularly those with a large neck size. Partners often complain about the snoring and notice that sufferers seem to have irregular breathing during sleep. Sufferers of OSA rarely wake from sleep feeling fully refreshed and tend to fall asleep easily when relaxing.

OSA is one of the few medical conditions that has been shown to increase significantly the risk of traffic accidents. However, once diagnosed, there is very effective treatment available, normally through specialist centres. The greatest danger is prior to diagnosis, when the significance of the symptoms is not appreciated. A road traffic accident may be the first clear indication of the condition. All drivers, especially professional drivers, and doctors need to be much more aware of the risks of sleepiness from this treatable cause.

To obtain further information on DVLA Group 2 medical standards of fitness to drive, please refer to the DVLA's publication 'At a Glance Guide to the Current Medical Standards of Fitness to Drive' at www.dvla.gov.uk/medical/ata glance or 0870 600 0301.

DVLA will need to know the applicant's full name, address and date of birth.

Applicants who may be symptom-free at the time of the examination should be advised that if, in the future, they develop symptoms of a conditions which could affect safe driving they must inform the Licensing Department at Basingstoke and Deane Borough Council.

It is the duty of the licence holder or licence applicant to notify DVLA of any medical condition which may affect safe driving. If there are circumstances where the licence holder cannot, or will not, do so, the General Medical Council has issued clear guidelines to Doctors as to the appropriate action. The guidance is reproduced on Page 4 of the 'At A Glance' guide.

- The Medical Examination Report should be completed with reference to the applicant's medical history.
- Please answer **all** questions
- Please undertake a full examination of the patient. **This should include urine screening for Glucose.**

Medical Examination Report for a Group 2 Licence

Do not complete the vision assessment until you have read the following

Important information for doctors

Please read and follow the information below before deciding if you are able to **fully and accurately** fill in the vision assessment. **If you are unable to do this, you must tell the applicant that they will need to ask an optician or optometrist to fill it in.**

We will make a licensing decision based on the information you provide.

What you need to assess

If glasses (not contact lenses) are worn for driving, you MUST be able to establish the dioptre measurement of the correction used. If the correction is greater than +8 dioptres in any meridian of either lens, we may not be able to issue a Group 2 licence.

Applicants for Group 2 entitlements must have, as measured by the 6 metre Snellen chart:

- a visual acuity of at least **6/7.5** (decimal Snellen equivalent 0.8) in the better eye
- a visual acuity of at least **6/60** (decimal Snellen equivalent 0.1) in the other eye
- this may be achieved with or without glasses or contact lenses
- we cannot accept a Snellen reading shown with a plus (+) or minus (-) eg 6/6-2 or 6/9+3
- 3 metre readings must be converted to the 6 metre equivalent

Note: Drivers first licensed to drive Group 2 vehicles before 31 December 1996 who cannot meet the above standards may still be considered by DVLA on an individual basis. Please see leaflet INF4D (Medical examination report) for further information.

Before you fill in this report please:

- check the applicant's identity
- read the information leaflet INF4D (Medical examination report). This can be viewed in PDF format at www.gov.uk/reapply-driving-licence-medical-condition

The applicant is responsible for any fee payable for completion of the assessment. DVLA will not be liable for any costs involved.

Please note that if you complete the vision assessment as well as the medical assessment, you must sign and date **both** parts of the form.
