Dear Janet and Louise

In response to the points raised in the email below I can confirm that the Kingsclere Conservation Area Appraisal was reviewed in 2017 and the new Conservation Area Appraisal and Management Plan were adopted by the council on 11 December 2017. There is no Article 4 Direction covering the Kingsclere Conservation Area. Whilst an Article 4 Direction was investigated as part of the review it wasn't taken forward.

I confirm that this correspondence will be uploaded to the council's website along with any further correspondence regarding matters of clarification during the examination. The website link is as follows:

I advised the Parish Council of the opportunity to make comment on the Regulation 16 representations, which they have been considering over the last few weeks. I have attached the parish council's response to this email for completeness which I also sent via a separate email earlier today.

Kind regards
Vashti
