

ELECTRIC VEHICLE RECHARGING POINT – FEATHERS YARD

STATEMENT OF REASONS

Following approval to install an Electric Vehicle Charging Hub in Feathers Yard Car Park a traffic regulation order is necessary to restrict the existing bays to the use of recharging electric vehicles only. The electric vehicle charging hub will consist of

- 1 rapid charging bay - maximum stay of 1 hour no return within 1 hour
- 6 standard charging bays – maximum stay of 4 hours no return within 4 hours

The provision of the electric vehicle recharging point will help build an infrastructure that will complement the shift to electric vehicles within the Borough and will assist in meeting the targets established through the council's Climate Emergency declaration and Transport Strategy.
