

What is the Sherfield on Loddon Neighbourhood Plan?

Neighbourhood Plans are a way for communities to decide the future of the places where they live and work. The Sherfield on Loddon Neighbourhood Plan sets out a vision for the parish and planning policies which will be used to determine planning applications locally and guide development in the parish up until 2029.

There has been a previous public consultation on the draft Sherfield on Loddon Neighbourhood Plan organised by Sherfield on Loddon Parish Council during April to May 2017. Now that the Plan has been submitted to Basingstoke and Deane Borough Council it is the final opportunity to have your say on this document before it is considered at an independent examination.

What is the next stage in the Plan's preparation?

The Sherfield on Loddon Neighbourhood Plan will be published for a 6 week period of consultation. This is a public consultation carried out by the Local Planning Authority in accordance with Regulation 16 of the Neighbourhood Planning (General) Regulations 2012. This process will inform the independent examination of the neighbourhood plan following the completion of the public consultation process.

How will the Plan be Examined?

Neighbourhood Plans are examined against five key tests, referred to as Basic Conditions (as set out in the Localism Act 2011). These are as follows:

- Does the plan have regard to national policies and advice contained in guidance issued by the Secretary of State?
- Does the plan contribute to the achievement of sustainable development?
- Is the plan in general conformity with the strategic policies contained in the development plan for the borough of Basingstoke and Deane?
- Does the plan not breach, or is otherwise compatible with, EU obligations?
- Does the plan meet and comply with prescribed conditions, i.e. it is unlikely to have a significant effect on European sites?

What can I comment on at this stage?

At this stage you can comment on any element of the plan and supporting documents and whether the draft Neighbourhood Plan meets the Basic Conditions. It is, however, important to remember that the examiner will only be able to recommend changes to the plan necessary to ensure that it meets the basic conditions.

When making comments you can request that you are notified of the examiner's report and of Basingstoke and Deane Borough Council's decision under Regulation 19 of the Neighbourhood Planning (General) Regulations 2012 (as amended) to 'make' the Sherfield on Loddon Neighbourhood Development Plan following a community referendum on the Plan. Once a Neighbourhood Plan is made, it will become part of the local area's Development Plan and have the same status as the borough's Local Plan.

How long do I have to comment on the consultation?

The consultation runs for six weeks, from **4 September 2017 until 4pm on 16 October 2017**.

A summary of the responses made to the pre-submission consultation are included in the Consultation Statement submitted with the plan. As a result the examiner will be aware of those comments, so you do not need to repeat the comments already made, although you may if you so wish. Also, if any changes that have been made to the plan since the pre-submission consultation raise new issues or affect the points you made last time, please feel free to submit further comments.

What happens next?

At the end of the publicity period any comments received will be passed on to the examiner who will then carry out an independent examination of the neighbourhood plan. The examiner will consider whether the plan meets the Basic Conditions or whether any changes are needed in order to meet those requirements. The examiner will recommend to Basingstoke and Deane Borough Council if the plan should proceed to a referendum.

Should I respond as an individual or as part of a group?

Where there are groups who share a common view on the Plan, it is helpful for that group to send a single representation which represents their views, rather than for a large number of individuals to send in separate representations which repeat the same points. In such cases the group should indicate how many people it is representing and how the representation has been authorised.
